DAILY ACTION CHALLENGE #2

WORKSHEET

It's time to "Create A Sample
Package" in today's Daily Action
Challenge!

Creating A Sample Package for One Service Package

Let's utilize what we learned in today's bootcamp lesson on how to use the 3 P's to create a service package! If you don't know what services you want to offer yet, no worries! Simply choose a service as an example.

Let's get into it!

Step 1: Based on your services and/or skills, list out all of the deliverables you could potentially offer.

Step 2: From the above list of deliverables, group together a bundle of similar deliverables that fall together in a similar category.

Step 3: Using value-based pricing, choose a starting price point for your sample package.

Step 4: Lastly, position your sample package. Communicating the following: What problems do your services solve for your client? What results will they achieve by working with you and investing in your services?

My Sample Package

Bringing it all together, use the space below to create one sample package. Include the positioning, deliverables and price. When completed, take a screenshot to share inside the Facebook Group.

Next Steps...

Take a photo or screenshot and share your Sample Package offer [Facebook Group!](#)

You don't need to upload or submit your assignment, but we'd love to see it shared in the [Pop Up Facebook Group](#)! Don't forget to join us and share your results with other awesome women going through the bootcamp with you!

[YES! TAKE ME TO THE GROUP!](#)

Tag us on Instagram! #BBbizbootcamp

As you're diving through the challenge and completing your Daily ActionChallenges, be sure to tag us on Instagram stories [@bucketlistbombshells](#) and use the hashtag #BBbizbootcamp so we can encourage and support you!

Congrats!

WAY TO GO ON COMPLETING YOUR DAY 2 DAILY ACTION CHALLENGE!
